Great Videography and easy to work with!

Andre is the best! He was very responsive, punctual, fast and accommodating. During the wedding, he was very helpful and kind. He edited my video in only a couple of days after the wedding and it was beautiful! I highly recommend him!

Best wedding videos ever!

Andre is an amazing videographer that cares about his clients. We booked the 8 hour package, and he made sure to video every detail of our wedding. He worked well with our photographer and was very professional. Andre sent us a 5 minute clip of our whole wedding, a ceremony video, and reception video. The videos were easy to download and he confirmed several times that we had access to them. All of the videos brought us to tears and are incredibly beautiful. We highly recommend Andre, we will cherish these videos for the rest of our lives!

Our video came out great

We deliberately budgeted for a videographer because while photos are great to have, there's nothing like watching the day happen all over again! Andre was great, video came out nice as well. I am very annoying though so I will most likely re-edit it myself in the end but all the key shots are there, great drone shots, he's very supportive during the day, we'd definitely recommend!

Exceptional Service

Andre was so professional & easy to work with! He was extremely responsive and made sure to get everything we wanted to capture our special day. We got married on 2.19.22 and already got our trailer video less than a month later; while our full video being promised just a week after receiving our trailer! I definitely recommend Andre and The Wedding Video Group to any couple looking for an amazing videographer!

Andrés was amazing start to finish. He answered all the questions we had and guided us through the process. His two videos were both movie quality. We can't stop watching them. Many people cried watching the video Andres did for us. I 100% recommend him for your wedding! He not only did an amazing job but he also did it quick. We received our small video of almost 5 minutes the following night! I couldn't have been more happier!

Andre is amazing

Andre was so easy to work with and coordinated so well with the wedding coordinators and photographer. I could tell he has many years of experience as he captured everything perfectly including the sound (us talking) which he amplified and added to our video. The video turned out better than I ever imagined. We got our 4 minute sneak peek the next day and then within a month we got all of the raw footage from the day including another video to music of us getting ready. I am so glad we chose Andre and now get to relive every moment from our perfect day whenever we want!

Amazing quality, easy to work with, and quick delivery!

Andre from The Wedding Video Group was so amazing to work with. We received our highlight video within 24 hours! And it was SPECTACULAR! And then we received our full video within a week, which was equally as amazing! Andre was extremely flexible, and really great at communicating before, during, and after the wedding. The quality and style of our videos is remarkable. My husband was skeptical of paying for a videographer, but after we got our videos back, he admitted that it was more than worth it! I cannot recommend The Wedding Video Group enough. Thanks, Andre, for capturing our wedding so beautifully so we will never forget our amazing day!

Fantastic videographer

Andre was great! We actually got our video footage before we received our wedding photos! He was great at being discreet and went with the flow. We had a massive storm on our wedding day and all our outside pictures had to be taken inside. The photographer did not have enough lights but Andre was willing to share his lights with her and magic was made. He was prepared and professional.

Amazing videographer

Andre is the best!!! He's extremely easy going and wonderful to work with! He was very responsive throughout my whole wedding planning process and on our wedding day! He went out of his way to include an old drone shot of our venue since our venue no longer allows drones to fly over it. Our shortened video just turned out so beautiful! He did a miraculous job capturing the important moments and adding the vows and music in the background. So excited to have this video to look back on and share with family and friends! Andre was one of the first vendors I talked to; he was honest, helpful and gave some really great suggestions. We don't have our video yet but if it is anything like the ones on his website I'm sure it will be perfect. One of the most touching moments at my wedding was when Andre let my son try his drone. We were definitely working within a budget. Andre was great to work with within our fee scale. He was passionate and hard-working. He gave us a short and long version of the wedding video. Though, he had only done 2 Indian weddings prior, he definitely knew how to pick good Indian songs for good moments in the wedding process. We had a great time working with Andre and we would recommend him.

Andre shot our wedding on May 6, 2017 at the beautiful Sarasota Garden Club. Andre worked hard all evening making sure to capture the moments that were so important to us. Andre captured our whole day from getting ready to send off! The highlight film he created was absolutely beautiful. He also captured our full ceremony and reception. Excited to watch our videos made by this talented artist every year on our anniversary. We highly recommend Andre at The Wedding Video Group.

Andre went above and beyond with our wedding video. I was skeptical at first because he works by himself but why not give it a shot. When I first talked to him on the phone he was courteous and was providing me with a lot of ideas. He is NOT driven by money but by the quality of his product and by making people's special day an unique moment to remember. He is bilingual which was a plus! When I finally got to meet him a week before the wedding he provided me with more ideas and showed me what he was planning on recording base on his previous wedding. He is always trying to incorporate something new and different in every wedding.
I was surprised to find out that the day of our wedding he showed up super early and left after we left, which according to the contract he was only to stay 6 hours. Once again putting quality first. He was very patient and cheerful throughout the wedding.

From the highlights to the full version of our wedding the videos it brought tears to my eyes to be able to see us walking down the aisle, exchanging vows of eternal love, our first dance, etc. The videos were neat and professional.

If you are reading this review and want to keep looking for a "better" videographer, I tell you right now, chances are that you won't find anyone like Andre.

Search no more and give him a call or send him an email. He will respond right away.

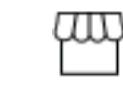

Sincerely,
Mr. & Mrs. Perez

I got married March 5, 2016. Having our wedding on film was very important to my husband and I. to relive and share our wedding memories together and with family. There was no shortage of options. Andre was our pick after interviewing many videographers because of his amazing previous work, affordable pricing, his flexibility and professionalism. We were so pleased with our highlight and video. His lighting and awesome editing makes the party come alive for us. He got the footage back to us quickly and gave us 3dvd and saved the film on a hard drive (I supplied my own). He very easy to work with and accessible. I recommend him to any couple looking artistic, caring and professional videography.

We planned a destination wedding in Naples, from Ct so we were very apprehensive about securing vendors without any face to face contact. However, I was very impressed with André's professional manner, just from his emails I was quite at ease with him. He was not pushy or aggressive, but clearly knew his stuff! He arrived to our ceremony space early and had everything set up working with our sound guy. He didn't clash at all with our photographer who was a separate vendor, and the final product was amazing! At first we were not going to get a videographer because the prices were so high and we were just doing the ceremony. I contacted André because of his pricing model he was worth every penny and the memories are priceless! Overall, I would highly recommend André Ameal - 5 stars!!!

We were pleased with the communication, customer service, flexibility, product, and price/value. Good product at an affordable price and what you see displayed on the website as examples is an accurate portrayal of what you get. We saw that thought and creativity was put into the editing of the video...and that shots of our wedding ceremony were carefully planned and executed. We received the video very quickly after our wedding. Exceeded our expectations. We were so pleased that we wished we had hired him for longer/a bigger package. If you don't want (or don't have it in your budget) to spend a fortune on a wedding video and you just want to have a solid recording that you can enjoy watching for years to come, this is a great option for a quality video that will capture your special day without breaking the bank.

I was so impressed with the footage, it is worth every penny. Everything happens so fast the day of your wedding that you miss a lot of things that you don't want to miss! It was so nice to watch the video and relive the moment. I got to see the little things I missed like my husband nervously greeting the guest and the ring bearer sitting with the wrong family after walking down the aisle. It was so beautiful and I won't have anyone else film it! The wedding video group did an amazing job!

The wedding video group was very professional and super quick with responses to any questions. Andre was very flexible as well! I had to bump my ceremony up an hour two weeks before and he was more than accommodating! Let me explain how perfect the final product was and how quick it was ready! Andre contacted me a week after my wedding to tell me my videos were ready! The quality of the video was exceptional and the sound was so clear. He captured every moment I could have ever wanted and so glad I get to keep the video forever! Book the Wedding Video Group, you won't regret it!

Andre was great. He showed up early in the day and captured all our moments. The short video was great to share with friends and family that couldn't attend. The long video that we received was amazing. It will be a great thing to watch on anniversaries to remember our special day. The quality of the video is great. You won't be disappointed.

I would love to recommend Andre' and the Wedding Video Group for any future bride and groom. He was absolutely wonderful, we just watched the 20 minute preview and can't believe the footage he got! We went with the package for getting ready, ceremony and reception and Andre' stayed till the end to get every bit of their special day. We can't wait till the dvd's come for the whole service but have to recommend him to anyone looking to record their special day! Our sincere thanks Andre' for the amazing video!! Absolutely awesome video. I didn't even notice him there. I decided to have a videographer for the ceremony because I wanted to see everything that was going on prior to me walking down the aisle. Having this videographer was such a fantastic decision that we made. It captured everything from our guests walking out on the beach and being seated to our ceremony to some of the family pictures following the ceremony. Andre Ameal was very nice to work with.

Andre is amazing - he stayed the full night - got to the ceremony early and stayed past the reception.

He is so easy to get in contact with. Seriously one of my favorite vendors of my wedding. I wish I could give him 100 stars...You will not be disappointed!!

Like many couples, we weren't originally planning to hire a videographer for our wedding. We were on a very strict budget and didn't feel like we could afford anything of value. After doing some online research, we stumbled upon Andre and samples of his work. After several email exchanges and phone calls, we were very pleased to hire Andre as our videographer. His pricing was very affordable the quick response time on emails put us at ease.

The day of the wedding we were amazed by how Andre seemed to be nearby for every special moment that we wanted captured. He was at the ceremony site before the guests were and was one of the last vendors to leave the reception. When we received the video, we were so happy to be able to relive the moment of our wedding once again. Andre captured nearly everything with a beautiful video of the ceremony, dancing and the reception, and guest interviews. There was even video footage he took that we thought was missed since our photographer didn't capture the pictures!! Needless to say, we would recommend Andre for any wedding. You will not be disappointed.

Andre was the best. We were married on the beach in Florida in not-too-good weather, and he was good about as well as the rest of our vendors. He produced a video that we are proud to show to our reception guests here in Michigan. We are wedding professionals in Michigan so our expectations are pretty high in terms of what we expect and Andre gets very high marks. I would highly recommend him to EVERYONE.

I was so nervous because I only saw the videographer the day of the wedding because beforehand my schedule was hectic and afterwards I moved out of state! We pretty much did everything via internet AND I loved his responsiveness and flexibility. He mailed the videos and I have problems with USPS & he was very cooperative in mailing me others with UPS. I am extremely picky and wanted several scenes cropped out or edited with different songs and he was very cooperative and flexible. The pricing was flexible too and I didn't pay anything until the day of the wedding. The videographer was also extremely professional because one of the other vendors (I am excluding which one for privacy reasons) was having a rough day and gave the videographer a little headache and the videographer's response was very professional and respectful. I would definitely hire the videographer again for a special event!!!

Highly recommend Andre. He was very professional, flexible, dependable, and concerned about creating great videos. The day of our wedding, he was in place to capture the limo pulling up, even before our photographers showed up. We were lucky and grateful that he worked within our budget and delivered services in two different locations. He stayed until he was sure he had all the footage he'd need and followed up with us throughout the process. He caught some great moments and will help preserve our memories.

I'm so happy we chose The Wedding Video Group! I contacted Andre just about 2 weeks before my event and he was able to do it on such short notice. He sent me a contract with a lot of information for me to fill out for the day of. He showed up way before the ceremony started and caught every single moment I wanted him to get. He worked alongside my photographer and he was never once in the way of anything! Every time we watch the videos we feel like we are reliving the event. My event was in Fort Myers and he traveled to me and didn't charge any extra fee! He was amazing! We are so happy we chose this company instead of some of the others out there. Andre with The Wedding Group did a fantastic job for our wedding video!! My wedding day came back to life in our video, with moments as the bride I didn't get to see..and it brought tears to my eyes! Their pricing is impossible to beat for the amazing finished product. I loved every minute of it. Thank you..thank you!!

Andre was great! Very Professional, awesome communication. During the day he hustled from location to location. Church, Beach for photos, venue across town. He arrived early and left late. He returned the DVD is a very speedy time! Great prices as well!! A++

Andre did an exceptional job on the day of our wedding, seeing that all of our requests were met. He captured all the moments we wanted, and was mostly behind the scenes doing so. It really felt like he was one of the guests, and everyone enjoyed participating in the video, if asked. I would highly recommend his services. The amount of video material received was a great value, and above an beyond what others offer. He also has been wonderful in meeting post production deadlines, and working with us on video copies after the wedding. We truly appreciate his services and kindness.

"Our wedding ceremony was a small, intimate one but we didn't want anything to detract from just how special our day was and Andre definitely accomplished that with our video. Even though it was only him recording our small ceremony, his professional setup created a video that seemed as if he had a full staff on site! His creativity really shined in our finished product with different transitions, angles, music, and interactions. He was super professional from being there early to set up, to staying afterwards during our photo shoot to capture those moments as well. He definitely exceeded our expectations, but more importantly, he captured our day in such a special way that we can always look back on it and never forget one single detail! Thanks Andre, it was beautiful!" Roland A.

Andre did an amazing job on our wedding video: Ceremony, Reception, and Short Film. Since we had a destination wedding it was sooo wonderful to be able to show people the short film. We have gotten so many compliments on it. I barely saw him the day of (as in he got everything on film and didn't "get in the way"). He was very professional and we really just couldn't be happier with what we got for our money. I almost didn't get a videographer because I wasn't sure if I even wanted a wedding video but I'm sure glad we did! So many wonderful memories caught. :)

I hired Andre Ameal for a very reasonable price. He was responsive, nice and very professional.

For what I was paying, I really expected just a guy with a nice video camera...but THIS is not what I got! Andre came with a full movie making stash of booms, cameras, lights, and I don't even know what else! It was so freakin' awesome! I felt like a reality TV star! He perfectly captured every moment of the day and even conducted interviews with guests! The video is amazing...we cry when we watch the beautiful ceremony, and then laugh so hard during the dancing at the reception, and the interviews with people who had a few drinks in them!

THANK YOU ANDRE!!
